## INVITATION TO PARTICIPATE

Dear Colleagues and Friends,

Welcome to the 15<sup>th</sup> National Congress of Indonesian Society of Neuroanesthesia and Critical Care (INA-SNACC) and 7<sup>th</sup> Joint Symposium of Neuroanesthesia and Critical Care (NACC) Indonesia – Singapore in conjunction with 6<sup>th</sup> Biennial Symposium of Anesthesia Complication (SOAC) which to be held virtually on July until August 2021.

These scientific events has gained prominence over the years with its objective to advance the scientific knowledge and practice of Neuroanesthesia, Anesthesiology in general, Emergency and Critical Care. The organizing committee has put together an exciting scientific program with a line-up of highly esteemed international and local speakers who will bring us insights on the latest issues in Neuroanesthesia, Anesthesiology in general, Emergency and Critical Care.

We are also pleased to receive papers from young future experts who want to share their case and research interests at the symposiums. Unique clinical presentations can occur in our days of residency training or in our days of a long and eventful career. These events give the opportunity for the participants to discuss, share, and engage in stimulating discussions at the various scientific sessions and presentations.

Thank you very much and we look forward to meet you !

Yours sincerely,

Sudadi

## 15<sup>th</sup> National Congress of INA-SNACC 7<sup>th</sup> Joint Symposium of NACC Indonesia – Singapore 6<sup>th</sup> Biennial SOAC in a Broader Perspective

The current era of the COVID pandemic encourages medical doctors to keep up-to-date their knowledges in supporting daily medical services. The development of technology today makes it easier for us to share information of medical sciences and experiences through virtual meetings without having to meet face to face.

Some complications of anesthesia end with fatal or near fatal condition, especially in managing neurosurgery patients. Good perioperative care plays an important role to prevent complications. To prevent an error is to practice the motto “be prepare”. And we become prepared by educating ourselves and by ensuring that all necessary equipment and personnel are available.

The 15<sup>th</sup> National Congress of Indonesian Society of Neuroanesthesia and Critical Care (INA-SNACC) and 7<sup>th</sup> Joint Symposium of Neuroanesthesia and Critical Care (NACC) Indonesia – Singapore in conjunction with 6<sup>th</sup> Biennial Symposium of Anesthesia Complication (SOAC) give you the opportunity to share the energy, creativity, and enthusiasm generated by various topics presented by a line-up of highly esteemed international and local speakers who will bring us insights on the importance of every essential part of perioperative to manage complications, also give us the best and up-to-date knowledge and practice on the latest issues in Neuroanesthesia, Anesthesiology in general, Emergency and Critical Care.

### METHODOLOGY

During 2 weeks of virtual meeting as scheduled, approximately 500 medical doctors will attend multiple programs consist of plenary lectures, discussion and sharing experience with experts in the field of Neuroanesthesia, Anesthesiology in general, Emergency and Critical Care.

### MISSION STATEMENT

Our mission is to offer a comprehensive up-to-date recommendations and references of current issues related to Neuroanesthesia, Anesthesiology in general, Emergency and Critical Care.

## EXECUTIVE SUMMARY

In light of the ongoing impact of COVID on domestic and international travel, the organizing committee have taken the decision to move the 15<sup>th</sup> National Congress of Indonesian Society of Neuroanesthesia and Critical Care (INA-SNACC) and 7<sup>th</sup> Joint Symposium of Neuroanesthesia and Critical Care (NACC) Indonesia – Singapore in conjunction with 6<sup>th</sup> Biennial Symposium of Anesthesia Complication (SOAC) to an entirely virtual on July until August 2021. Moving online provides an exciting opportunity to ensure that the 15<sup>th</sup> National Congress of INA-SNACC and 7<sup>th</sup> Joint Symposium of NACC Indonesia – Singapore in conjunction with 6<sup>th</sup> Biennial SOAC become the most accessible gathering of its kind. Without the expense of travel and accomodation we expect to welcome the global community of anesthesia and perioperative care providers ever assembled for a congress. Alongside a comprehensive scientific programs, the virtual platform provides unique opportunities to meet, collaborate, and share experiences with a truly global network of anesthesiologists.

### GOAL

Providing the up-to-date recommendations and references of current issues related to Neuroanesthesia, Anesthesiology in general, Emergency and Critical Care.

### OBJECTIVE

1. To improve the knowledge, attitude, and practice of the participants regarding of the current issues related to Neuroanesthesia, Anesthesiology in general, Emergency and Critical Care.
2. To provide a forum for the experts to share their experiences and knowledges regarding of the current issues related to Neuroanesthesia, Anesthesiology in general, Emergency and Critical Care.
3. To highlight the role of the medical doctors in various situations regarding of the current issues related to Neuroanesthesia, Anesthesiology in general, Emergency and Critical Care.
